

GA Chorus- Extra credit opportunity
Guardian Angels School, Mrs. Leach (hleach@gaschool.org)

Dear Parents and Students,

Thank you to everyone who has submitted their assignments to this point. If you have not yet done so, your assignments are still available to view on Rediker and at <https://www.gamusicboosters.org/ga-online-music-instruction> so that you can submit assignments for credit.

Our extra credit assignment is very similar to the “Seize the Day” recording except now we are recording our individual vocal parts for “Can You Imagine That?” so that I can make another virtual choir recording to share. Instructions are exactly the same and are on the second page.

Kind regards,
Mrs. Holly Leach
hleach@gaschool.org

Instructions for students:

- You may earn 5 extra credit points by sending me a recording of you singing your part for “Can You Imagine That?”.
- Make sure you are singing along with the audio track that matches your part assignment. (Soprano, Alto, Baritone) Use headphones to listen to the track from your computer. This way I only hear your voice in the recording. I find it works better if I only plug the headphones into one ear so I can hear myself better.
- Then use the “Voice Memos” app on an iPhone or similar smart phone to make the recording. This is the recording you will email to me at hleach@gaschool.org. It is important that your recording include your voice only- I do not want to hear the accompaniment instruments- this is the reason you are using headphones. It is important that you record while listening to the accompaniment track so that the timing will line up with the other singers when I combine these to make a virtual choir recording to share.
- One difference between our project and the ones that you saw in the videos a few weeks ago is that ours does not include video. It will be an audio choir only.
- The music and audio files for “Can You Imagine That?” are found at <https://www.gamusicboosters.org/ga-online-music-instruction>. Go to the page and scroll down to the chorus assignment box in the bottom left corner. Choose the song by clicking to open the PDF. Return to the page to click the appropriate track in the music player in the bottom right corner. Return to your PDF to rehearse the song.
- Your grade for this project will be based on how well you followed directions in making and sending the recording, not on your individual singing ability.
- This extra credit assignment is due May 22.
